Well done to Milly for competing at the State Athletics competition this week. What a fantastic achievement to compete against other top athletes of our state.

Our school has been successful in gaining a Sporting Schools Grant through the Australian Sports Commission for learn to surf lessons! We are hoping to book in 5 weeks of lessons before the term is out. The lessons will be for interested students in Years 5 and 6. I will be asking parents to transport our kids to the beach and back to school once we have locked in dates. Watch this space – more information to come as soon as we know.

The Principal position for CPS will be filled via the merit selection process. Our Director, Daryl Jacobs will soon begin the process of meeting with the selection panel, forming the advertisement, and then interviewing appropriate applicants. We should know by the end of this term who the new Principal will be.

A reminder to all families that our Kinder Orientation dates are fast approaching. If you know of any possible kindergarten students for 2016, please encourage them to attend these sessions.

Limit screen time to two hours

- 40% of children aged 5 – 12 years watch an average of two or more hours of television or videos a day. This does not include time on other kinds of screens.
- Studies have shown that we use less energy watching TV than just sitting still.
- TV influences the food choice of kids – Australia has a high rate of food advertising during children’s viewing hours.
- TV replaces time a child can be active and enjoy the Great Outdoors.
- There is an association between TV watching and being overweight.
